## How to read your Barclays Stockbrokers Statement and Valuation

The following notes are intended to help you understand your valuation and statement. If you have any questions, or you cannot reconcile the holdings to your records, please call us. Advisory clients should contact their Advisor.

### Valuation

The valuation shows you a "snapshot" of your Account – the stock held and quantity will therefore be the actual amount you held as at close of business on the Account Valuation date (shown on the valuation). For ISAs, the "Total Account Value" in the "Account Summary" box is the figure we used to calculate the administration charge. We confirm that you are the beneficial owner of the share holding(s) under Barclayshare Nominees Limited, as at the close of business on the Valuation Date.

# BARCLAYS

Mid Market Price	The mid-price (that is halfway between the buying and selling price) of the shares as at the close of business on the day before the Valuation Date.
Mid Market Value	The number of shares multiplied by the "mid-market price". The total value of this column is shown at the bottom of the table.
Book Cost	The total price you have paid for your holding (including commission, stamp duty and PTM levy (if applicable)), including any additional amounts you paid to take up the shares in a rights issue etc. If you have lodged or transferred in stock, but not informed us of the original book cost, we will note a book cost of that stock at either £0 or £1. This will be reflected in the % figure shown under Profit/(Loss). If you want to change the Book Cost for lodged or transferred stock, please contact us.
Profit/(Loss)	How each individual holding is performing (in percentage terms) relative to the Book Cost. This will not take into account indexation or taper relief.
Gross Yield	The return earned on an investment before tax. We currently work it out by "grossing up" the net dividend of the share by 10%, and then expressing it as a percentage of the share price.
Total Account Value	A summary (in pounds sterling) of the value of your Account and the amount it has changed since the last valuation.
Cash held	The balance on your Account on the date the statement is issued.
Performance	A summary (in percentage terms) of the change in value of your stock and Total Account Value since your last valuation (we do not display these values on your first statement) and the changes in the FTSE 100 and the FTSE All Share for comparison. For Non-Managed products, please note that these are execution only or advisory products and Barclays is not responsible for the performance of holdings within your Account. For Managed ISA products, please see the notes on your statement of your recent account activity page.
Cash Holdings	As your plan manager, HM Revenue and Customs requires us to remind you that they do not regard cash as a qualifying investment in a Stocks and Shares ISA under current regulations. Therefore, please consider investing any cash within your Stocks and Shares ISA. Please note that this is for information only and does not constitute advice on the suitability of investing in the market at this time. If cash is held and not invested within your Stocks and Shares ISA, HM Revenue and Customs may instruct us to return the funds to you.

### Statement

Date	The date on which we made the entry on your account. For example, for a market transaction, this will be the date we settled your deal. For dividends, this will be the date we added them to your account.
Transaction Description	The nature and type of transaction.
Debit and Credit	The value (in pounds sterling) of any credits or debits made to your account. At the bottom of these columns are the totals of all credits or debits.
Balance	The balance (in pounds sterling) of your account after the transaction. At the bottom of this column, we show the final account balance.
