### Interest rate changes

Following the recent Base Rate change announcement by the Bank of England, the following change(s) have been applied to your mortgage account(s):

The interest rate charged on 96-292-93202 has changed from 1.25% to 1.00% effective from 1 September 2016.

Your payment has not been changed as a result of this rate change for one of the following reasons:

- Your payment would change by less than £1
- You have an offset account and your new monthly payment as a result of this rate change would be lower than the amount you currently pay. The additional funds that you pay will reduce the capital balance on your mortgage enabling you to pay off your mortgage quicker.

You can request a recalculation of your monthly mortgage payment at any time (e.g. when the base rate increases or decreases or after overpayments) by calling 0800 022 4022\*. This will result in a re-calculated payment the following month.

## Important Information
