Date: The net balance of your linked account(s) is offset against the Mortgage balance on a daily basis.

Mortgage Balance: This is the balance outstanding on your mortgage account at the close of each business day.

Linked Accounts: This is the combined net balance of your current account(s) and savings account(s). This amount is offset against your Mortgage balance each day to provide the balance upon which interest is charged. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing this figure may be negative).

Offset Balance: This is the amount which is offset against your Mortgage balance each day. (Interest is not payable where the combined savings and current account balance exceed the mortgage balance).

Offset Mortgage Rate: This is the rate used to calculate the daily interest charged on your Openplan Offset Mortgage account.

Offset Benefit: This is the amount of interest saved each day by offsetting. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing, but you have not increased your monthly repayment, this figure may be negative as interest is calculated on the total amount borrowed including your Mortgage Reserve).

Additional Information: Openplan Offset allows you the choice to offset against your monthly payment or your mortgage term. You can switch between these payment options by calling the Offset Helpline on *0808 100 4477. The minimum amount required to be paid to your mortgage before there is an increase in your Secured Overdraft is currently £2,000.00

If you have an interest only mortgage, you are strongly recommended to have a suitable repayment vehicle in place (such as an endowment policy, ISA, PEP or Personal Pension Plan) to repay the total amount borrowed. For your own benefit, you should ensure that you continue to make the agreed monthly payments to the policy/plan provider in order to ensure there is sufficient to repay your loan at the end of the agreed term. As the repayment of your loan will rely on the performance of your policy/plan, you should contact the provider if you are in any doubt that the final sum payable will not be sufficient to repay your loan. If this is Woolwich Life, there is no need to take specific action, other than to ensure that your premiums are up to date, as regular reviews on performance already take place.
