<b>Total</b>					<b>-15.28</b>

<b>Date:</b>	The net balance of your linked account(s) is offset against the Mortgage balance on a daily basis.
<b>Mortgage balance:</b>	This is the balance outstanding on your mortgage account at the close of each business day.
<b>Linked accounts:</b>	This is the combined net balance of your current account(s) and savings account(s). This amount is offset against your Mortgage balance each day to provide the balance upon which interest is charged. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing this figure may be negative).
<b>Offset balance:</b>	This is the amount which is offset against your Mortgage balance each day. (Interest is not payable where the combined savings and current account balance exceed the mortgage balance).
<b>Offset mortgage rate:</b>	This is the rate used to calculate the daily interest charged on your Offset Mortgage account.
<b>Offset benefit:</b>	This is the amount of interest saved each day by offsetting. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing, but you have not increased your monthly repayment, this figure may be negative as interest is calculated on the total amount borrowed including your Mortgage Reserve).

#### **How this statement has been calculated**

All figures shown will be the balances in your account on the statement date. Figures may include items that might subsequently be returned. It assumes that all items shown have been correctly posted to your account. If you do not agree with the mortgage account balance please call us on **0800 022 4022\***, for all other balance queries please call **08457 555 555\***.

#### **Interest only customers**

If you have an interest only mortgage, you are strongly recommended to have a suitable repayment vehicle in place (such as an endowment policy, ISA, PEP or Personal Pension Plan) to repay the total amount borrowed. For your own benefit, you should ensure that you continue to make the agreed monthly payments to the policy/plan provider in order to ensure there is sufficient to repay your loan at the end of the agreed term. As the repayment of your loan will rely on the performance of your policy/plan, you should contact the provider if you are in any doubt that the final sum payable will not be sufficient to repay your loan. If this is Woolwich Life, there is no need to take specific action, other than to ensure that your premiums are up to date, as regular reviews on performance already take place.

#### **Mortgage Current Account Reserve (Overdraft)**

One of the main features of your Offset is the ability to borrow additional money via your Mortgage Current Account Reserve (to a maximum of 90% combined mortgage and additional borrowing), using your debit card or cheque book. This additional borrowing is available at the Offset rate and is an overdraft facility.
