<b>Date:</b>	The net balance of your linked account(s) is offset against the mortgage balance on a daily basis.
<b>Mortgage balance:</b>	This is the balance outstanding on your mortgage account at the close of each business day.
<b>Linked accounts:</b>	This is the combined net balance of your current account(s) and savings account(s). This amount is offset against your mortgage balance each day to provide the balance upon which interest is charged. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing this figure may be negative).
<b>Offset balance:</b>	This is the amount which is offset against your mortgage balance each day. <b>Interest is not payable where the combined savings and current account balance exceed the mortgage balance.</b>
<b>Offset mortgage rate:</b>	This is the rate used to calculate the daily interest charged on your Offset Mortgage account.
<b>Offset benefit:</b>	This is the amount of interest saved each day by offsetting. (If you have made use of your Mortgage Reserve (overdraft) and increased your total borrowing, but you have not increased your monthly repayment, this figure may be negative as interest is calculated on the total amount borrowed including your Mortgage Reserve).

### Interest only customers

If you have an interest only mortgage, it is essential that you have an acceptable repayment strategy in place to repay the total amount borrowed.

For new applications, acceptable repayment strategies include:

- Existing endowment policies (minimum 12 months old);
- Stocks and shares ISAs (minimum 12 months old);
- Professionally managed Share, Unit or Investment Trusts (minimum 12 months old); and
- Sale of property provided Loan to Value (LTV) does not exceed 50% and there is a minimum of £300,000 equity in the property.

For your own benefit, you should ensure that where your repayment plan requires regular payments that these are kept up to date, **and you should regularly check that your repayment plan is on target to repay your mortgage at the end of the agreed term.**

As the repayment of your loan will rely on the performance of your policy/plan, you should contact the provider if you are in any doubt that the final sum payable will not be sufficient to repay your loan.
